Adhil Haris *Frontend Developer*

adhilharis7777@gmail.com | 971508861554 | Dubai, UAE | linkedin.com/in/adhilharis | adhilharis.vercel.app

Professional Summary

Frontend Developer with 2+ years of experience building enterprise web and cross-platform mobile applications using React, Next.js, React Native, Expo, TypeScript, and modern state management. Experienced in insurance, field-service, CRM, and ITSM platforms across the UAE and Saudi Arabia, with expertise in REST APIs, SignalR, Firebase, Azure AD, multilingual/RTL interfaces, and scalable component architecture.

Professional Experience

Frontend Developer 06/2024 – Present | Dubai Silicon Oasis , UAE
Dev Dynamics Information Technology LLC

- Build enterprise web and mobile applications across 4 major products, supporting insurance, IT service management, CRM, and field-service operations.
- Develop and maintain applications using React, Next.js, and React Native, supporting both web and iOS/Android platforms.
- Contribute to a centralized React Native platform supporting deployments across 3 markets — UAE, Saudi Arabia, and India.
- Implement enterprise authentication using Azure AD (MSAL) alongside OTP and QR-based authentication workflows across web and mobile applications.
- Integrate SignalR and Firebase Cloud Messaging to support real-time communication and push notifications across iOS and Android.
- Deliver bilingual interfaces supporting 2 languages — English and Arabic — including RTL layouts for regional applications.
- Build production workflows spanning 8+ functional areas, including inspections, claims, approvals, ticketing, CRM, leads, renewals, sales, and reporting.
- Manage state and API integrations across multiple enterprise applications using Redux Toolkit, RTK Query, Zustand, Axios, and REST APIs.

Projects

NGI Direct CRM 06/2026 – Present
Enterprise Insurance CRM Platform
Build and enhance an enterprise insurance CRM covering lead management, customers, policies, renewals, claims, agent workflows, and role-based dashboards, with Azure AD authentication and REST API integrations.

Flux OnGo Mobile App 02/2026 – Present
Multi-Region Insurance & Field Operations Platform
Contribute to a centralized React Native application supporting deployments across the UAE, Saudi Arabia, and India integrating vehicle inspections, claims, approvals, ticketing, sales, QR workflows, multilingual RTL support, and real-time notifications.

GoTicket Mobile App
Enterprise Field Service & Customer Support Application
Built a cross-platform application featuring OTP/QR authentication, ticket workflows, SignalR real-time chat, Firebase notifications, sales dashboards, policy management, and English/Arabic RTL support.

GoTicket Web
Enterprise IT Service Management Platform
Built an enterprise ITSM application covering ticket creation and updates, service requests, approvals, reporting, notifications, Azure AD authentication, and AI-assisted ticket creation.

Technical Skills

Languages & Web: JavaScript, TypeScript, HTML5, CSS3

APIs & Services: REST APIs, Axios, SignalR, Firebase, Azure AD (MSAL)

Frameworks & Libraries: React, Next.js, React Native, Expo, Redux Toolkit, RTK Query, Zustand, Tailwind CSS, Material UI, Framer Motion

Tools & Platforms: Git, GitHub, Azure DevOps, Postman, VS Code, Xcode, Android Studio, Figma

Education

Bachelor Of Computer Applications (BCA) 2020 – 2023 | Kerala, India
Mahatma Gandhi University

Certifications & Training

Python-Django Certification
Issued by - Camerin Folks Pvt.Ltd. Kerala,India

React in Action: From Setup to Deployment
LinkedIn Learning, 2026

Internship

Full Stack Web Development Intern (Python) 10/2023 – 02/2024 | Kerala, India
Camerin Folks Pvt. Ltd
